

Women in Sport Programme – Irish Judo Association 2019 Funding Guidelines & Application Process

Introduction

Women in Sport is central to the work of Sport Ireland, the Irish Judo Association has received funding for 2019 & 2020 to support our Change the Numbers campaign. The Irish Judo Association is committed to increasing women's sustained involvement in judo as coaches, volunteers, leaders and participants. The purpose of this funding process for Women in Judo is to achieve this commitment, enhancing all aspects of sport through the involvement of women of all ages, abilities, and backgrounds.

Target Areas & Objectives

Sport Ireland identifies four areas as current gaps & future opportunities for women in sport. The Irish Judo Association has designed it's Change the Numbers campaign based on the four areas below as set down by Sport Ireland. These four areas are as follows:

1. Coaching and Officiating

- Broaden the coaching base to include more women from grassroots to high performance
- Increase the number of women officiating and refereeing

2. Active Participation

- Significantly reduce the active sport participation gradient between men and women
- Reduce the drop-out from physical activity and sport in young girls
- Engage with women of a minority background

3. Leadership & Governance

- Progress towards greater gender balance in Board/Club membership of the Irish
 Judo Association
- Provide a pathway for women aspiring to become leaders within the Irish Judo
 Association

4. Visibility

- Increase the visibility and profile of our female role models in sport
- Use the heroes of today to inspire the next generation of future Olympians and Paralympians
